10 projects fully funded and a new project launches

Dear [xp.First_Name] [xp.Last_Name],

The Art Basel Crowdfunding Initiative, a partnership launched with Kickstarter in 2014, supports non-profit visual arts organizations worldwide. Thanks to your support, 10 projects have reached their fundraising goals and the initiative has raised over USD 231,000 from 1,098 backers.

The latest successfully completed projects are from [LagosPhoto](#) and the [Contemporary Art Gallery \(CAG\)](#), Vancouver:

- LagosPhoto will expand their annual month-long festival into a year-long program of exhibitions, educational programs, residencies and workshops. They will also build a permanent home for photography in Nigeria, cementing Lagos as a leading hub for creative expression.
- The Contemporary Art Gallery Vancouver can now complete the research and development phase of their ambitious performance commission with Ballet BC and the artist duo John

Wood and Paul Harrison.

The [National Art Gallery of the Bahamas](#) is in the final stretch to complete their funding goal to create an outdoor public sculpture garden and amphitheater on their grounds in Nassau, and the latest campaign to launch is from the public art organization [LAND \(Los Angeles Nomadic Division\)](#), who seeks to raise USD 18,000 for a weekend of public programs celebrating the culmination of their *Manifest Destiny Billboard Project*.

In 2015 we will present many more inspiring projects from the world's most innovative non-profits. Pledge to campaigns on Art Basel's [curated page](#) on Kickstarter to receive exclusive rewards and engage with the projects directly, and visit artbasel.com/crowdfunding for the latest updates on the Crowdfunding Initiative. You can also find us on Facebook at facebook.com/artbasel or follow [@artbasel](#) on Instagram, Google+ and Twitter. Specific questions can be addressed to crowdfunding@artbasel.com.
