Survey

We are thrilled to announce our new sector, [Survey](#), which will launch in Miami Beach this December. The first edition of Survey will feature nine solo shows and four thematic presentations from 13 galleries dedicated to precise art historical projects.

Galleries

Comprising 192 of the world's leading galleries, the [Galleries](#) sector is the centerpiece of the show presenting a broad spectrum of artwork ranging from the Modern masters to the latest contemporary works.

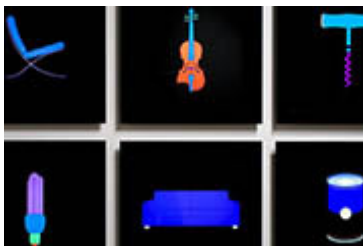

Kabinett

This year's [Kabinett](#) sector will feature 27 diverse thematic group and solo exhibitions. Kabinett provides gallerists with a strong platform to display the curatorial aspect of their work presented in a separately delineated space within their booths.

Positions

The 16 curated solo booths of [Positions](#) will provide a focused insight into a broad spectrum of individual practices including conceptual work, painting, research-based projects, multi-media work, urban installations and explorations of digital communication. Demonstrating the range of the sector, artist Tracey Rose will convert the traditional gallery booth into a stage to present a play with actors performing continuously throughout the show.

Edition

Following the success of its Miami Beach premiere last year, [Edition](#) will return with 12 global leaders in the field of prints and limited edition-works: Alan Cristea Gallery, Crown Point Press, GDM, Gemini G.E.L. LLC, Sabine Knust, Carolina Nitsch, Pace Prints, Paragon, Polígrafa Obra Gráfica, Paul Stolper Gallery, STPI, and Two Palms.

Nova

Providing younger galleries with a platform to present new work by up to three artists, [Nova](#) will feature 34 exhibitors, including a performance installation by Brazilian artists Cibelle Cavalli Bastos and Patricia Leite as well as work by David Diao, Tania Candiani, Laure Prouvost, Uri Aran, Ara Dymond, Mairead O'hEocha, Shinro Ohtake, Tsuruko Yamazaki, Ryoko Aoki, Oscar Muñoz, Voluspa Jarpa, Teresa Margolles, Jon Pestoni and Sam Pulitzer.
